

■ CollectionPro Features

- Electronically log all collections
- Generate standard routing documents, Acceptance Letters, and Acknowledgment Letters without redundant data entry
- Generate custom letters
- Reconcile Advice of Allotments
- Record investment information
- Compare current and potential allotments with accounting obligations
- Generate summary reports tying IC collections and investments with OFM information on Advice of Allotments

CollectionPro is easy to adapt from your current process. We will work with you to import your existing data into the system.

■ Contact Us
